## Eligibility

The candidate should have passed the qualifying degree with a minimum of 60% marks in aggregate or CGPA of 6.75 on a 10 point scale wherever grades are awarded or equivalent (Percentage of marks or CGPA so calculated will be based on the norms fixed by the concerned University/Institution or aggregate marks or CGPA scored by the candidate for all years of the qualifying degree, in case University/Institution has not prescribed any norm for calculating such percentage or CGPA). It is mandatory to bring GPAT/GATE/NET score card at the time of counseling/Group Discussion and Interview. Further GPAT/GATE/NET is an essential qualification for all programme [including M.B.A.(Pharm.)]

## ONLINE ENTRANCE TEST

There will be a common paper for all Masters Programs including M.B.A. (Pharm.). The question paper will consist of 200 objective multiple type choice questions. The level of questions will be of B. Pharm. and M. Sc (relevant field). A few questions will be from general aptitude. Duration of the examination will be 2 hours.

There will be negative marking in the on line test. 25% marks will be deducted for each wrong Answer. The result of the on line test will be declared on the official Website of the Institute ([www.niper.gov.in](http://www.niper.gov.in))

Well questions will be very easy so no need to go in depth of the topic, which clearly indicates that time management, is very important to get success in NIPER entrance. Understanding the question quickly is very important to pick the right choice. It is wise to leave the question if you do not know the answer perfectly. Chemistry, Pharmacology, Biotechnology, Pharmaceutical analysis are the core subjects from which questions are being asked. There is no need to worry about Pharmacognosy or forensic pharmacy (Pharmaceutical Judispudence) as in GPAT, basic concepts based questions are asked. M. Pharm branches and M.B.A. has a common entrance paper. So read some General knowledge, Pharma management and Pharma News aspects also.

There is no official syllabus prescribed by NIPER institute for the entrance examination. Here we are providing the expected syllabus by the help of our TEAM and last year NIPER students. Our materials and model question papers help to review the subject and practice time management. If you can secure a good rank in NIPER entrance you should plan and prepare accordingly. Let us now see about subject wise preparation.

This syllabus is just like **GPAT** entrance but more specific in Basic Chemistry instead of *medicinal chemistry* and many more subject, get the Syllabus from the website [www.gdc4gpat.com](http://www.gdc4gpat.com) , [www.gdconlinetest.in](http://www.gdconlinetest.in) for detail.

### ENTRANCE PATTERN

You have answer 200 questions in 120min.

**But remember its not tough job you can attempt all questions. Only don't waste time on tough question more than 45sec. Most of the questions will take 5sec. to attempt. Try to manage time and success is yours.**

Well we repeat again **no need to know everything very thoroughly but go through each bit and piece at least once. Basic conceptual and logical questions are there don't go in more depth.**

Lastly, remember

**Men often believe what they believe themselves to be.**

**If I believe I can not do something, it makes me incapable of doing it.**

**But when I believe I can, and then I acquire the ability to do it even if I didn't have it in the beginning.**

**So think that you are destined to be in NIPER and rest assured you will be part of it.**
